

People's Voice.

VOL. II. WELLINGTON, SUMNER COUNTY, KANSAS, FRIDAY, JUNE 17, 1892. NO. 43.

WICHITA, JUNE 14.

The Congressional convention was called to order in the Crawford Grand opera house at 10 a. m. The Honorable Wm. Campbell, of Stafford county, was elected temporary chairman and Lyman Naugle, of Sumner county, temporary secretary. The various committees were appointed, on which Sumner county was represented by H. H. Howe on permanent organization and H. F. Harbaugh on rules and order of business.

Speeches were made by Mrs. M. E. Lease and S. H. Snider.

The convention then adjourned until 2 p. m. Upon re-convening the committees made their reports. Hon. W. L. Brown, of Kingman county, was made permanent chairman, H. E. Bruce, of McPherson county, permanent secretary and Lyman Naugle, assistant secretary. The roll of counties was then called and a congressional committee named. John Hincheliffe was named for Sumner county. Delegates to Omaha were then selected as follows:

B. E. Kies, of Sedgwick county; J. C. Starr, Scott county; A. G. Forney, Sumner county; S. P. Jones, of Harper county; I. C. Murphy, of Reno.

The two latter being a tie in the ballot were each appointed as delegates with one-half vote.

Noah Allen, of Wichita, was then elected as presidential elector for the Seventh district, by acclamation, and acknowledged the honor by a brief speech.

Nominations for congressman were then declared in order and Mr. Garrison, of Barber county, placed Jerry Simpson in nomination and it was seconded by Llewellyn of Wichita and Walling of Sumner.

On motion his nomination was made unanimous by rising vote and amid the wildest enthusiasm. Jerry then made the greatest speech of his life and was followed by Fred R. Close, nominee for congress in the First district.

WEDNESDAY.

Llewellyn, of Wichita, was nominated for governor and Vincent, of Clay Center, for lieutenant governor. The convention adjourned at 12 o'clock last night without making further nominations.

THE VOICE FUND.

The Voice is receiving great encouragement from the people of Sumner county and considerable substantial aid. As soon as the list is complete we expect to publish the same by townships, so that all may see just what has been paid in. We would indeed be very ungrateful did we not express our thanks for this assistance. We feel flattered that the course of the paper has been such as to commend it so warmly to its patrons, and assure them that the confidence which they are reposing in us at this time shall never be compromised. The Voice is as fixed as the North star in its advocacy of the demands of the "second Declaration of Independence," and we pledge the whole vigor of our manhood to the cause of their establishment and maintenance.

We regret very much to have become a burden to willing friends, but the circumstances being beyond our control we are forced to submit. There may be those whose pride leads them to ridicule anything like charity; if so we hope they may never be placed in a compromising attitude, but let them beware: "A proud and haughty spirit cometh before a fall."

The Voice desires all to know that for every dollar contributed at this time we stand ready to return it to the giver in subscriptions or other patronage of our office. We need all the help we are likely to get and more, and would urge those townships which have not yet reported to the committee to push their work rapidly and make report as soon as possible. By this means the circulation of the Voice may be doubled at a most opportune time.

Bluff township is the banner township, so far, in this matter, having already reported \$74.50. The general supervising committee is composed of R. Bruce Magee, chairman, G. H. Fish and D. T. Rose.

COUNTY CONVENTION.

GREAT ENTHUSIASM AMONG THE PEOPLE.

The Alliance Dead, Did You Say? No, nor is It Sleeping. Attendance and Enthusiasm Surpasses All Expectations. Delegates Appointed.

The Voice was in error in supposing last week that the county convention of last Saturday would differ from the usual People's party convention either in size or interest, by reason of the busy season. The convention was unusually large and enthusiastic, Liberty hall being tested to its full capacity. Every township in the county, save one, (Illinois) was represented. Considering that there was no business to transact but the selection of delegates to the state and congressional conventions, this speaks well of the unparalleled vitality of the People's party in Sumner county. It shows that the people are grounded firm in the incontrovertible principles enunciated first at St. Louis, ratified at Ocala, Omaha, Cincinnati, Indianapolis, re-enunciated at the St. Louis conference and soon to be represented by standard bearers in a national contest. They have enlisted for the war and are not to be persuaded from their plain path of duty by the full some flattery of political sycophants, nor frightened by combinations of the common enemy. Onward is the cry until victory is ours and freedom is restored.

The convention was called to order at 11 a. m., by the county chairman, R. Bruce Magee, who read the call and spoke a few eloquent words of congratulation. Several soul inspiring songs were sung and the audience joined heartily in the choruses. Temporary organization was effected by choosing Hon. G. E. Meeker chairman and Lyman Naugle secretary.

The following committees were appointed after which a recess was taken until 1:30 p. m.:

Credentials—John Hincheliffe, J. K. Moore, A. Shinn, C. Stephenson, Wm. A. Nelson.

Order of business—Geo. A. Camp, G. H. Fish, W. A. Johnson, J. S. Yates, Ben Hatfield.

Resolutions—D. S. Dill, A. G. Forney, H. R. Walling, O. R. Smith, Lyman Naugle.

Permanent organization—A. C. Lambe, Levi Hedrick, Fred Andre, Henry Shell, C. F. Curtis.

At the hour appointed the people re-convened and it was found that the delegates had so increased in numbers since the forenoon session that the spectators had a poor show to find seats. While waiting for the report of the committee on credentials the audience joined with great vim in singing campaign songs.

The committee on order of business then made report and was discharged.

The committee on credentials then reported the following delegates entitled to seats in the convention:

After a few corrections the report was adopted.

The committee on permanent organization reported in favor of making the temporary organization permanent, which was adopted.

A. G. Forney from the committee on resolutions reported the following:

Resolved, 1st, That we, the People's party of Sumner county, Kansas, most heartily endorse the declaration of principles, as set forth by the industrial conference at St. Louis, February 22, 1892, and further pledge ourselves by voice and vote to sustain the same until the essence and sentiment therein contained shall be the law of the land. To this end we do not favor any man for either legislative or executive position who is not favorable to those principles or cannot be relied upon to carry the same or similar reforms to completion.

2nd, We, the citizens of Sumner county, Kansas, having the prosperity and welfare of our county and state at heart, hereby proclaim that our greatest desires, aims and objects are to establish certain conditions favoring certain laws in the interest of the weak against the strong, the masses against the favored classes, equal taxation, equal protection and equal justice to all, therefore, we earnestly appeal to the thoughtful and intelligent men and women of our county and request them to investigate in an unprejudiced manner our political desires. We further cordially invite your co-operation; no matter what your political affiliations have been, or vocation in life, we ask you to assist us in our unequal struggle for liberty and freedom.

Resolved, That it would be to the better interest of the county, also a better form of county government, if there was a law passed by which any county officials should receive a stipulated salary and the fees turned over to the county.

Resolved, That we believe that justice and equity would be subserved if a law was enacted preventing judgments following foreclosure of mortgaged property; that is, that all real and personal property shall satisfy the claim and costs of foreclosure.

Resolved, That we request the delegates selected by this convention to the state and congressional conventions to act in unison on all questions of importance.

Resolved, That we condemn the senate of Kansas for killing the redemption law passed by the last house of representatives and hereby again renew our demands in the interest of the farmers and business men of our state that a redemption law be placed on our statute books, giving at least two years to redeem from date of sale.

Just before the question of their adoption was put, Hon. J. M. Doubleday arose and counseled the expediency of omitting the one with reference to the railroad assessment on the ground of doing a possibly unwarranted injustice to Attorney General Ives. He moved to amend by adopting all the report but this clause.

This caused an animated discussion of the matter and the letter of defense written by Mr. Ives was read, in which he claimed honesty of purpose on the part of the state board of equalization in reducing the assessment, but radical defect in the assessment laws. On motion of A. G. Forney the whole matter was laid on the table and the rest of the report adopted.

The convention then proceeded to the selection of delegates, first to the state, then to the congressional convention. Owing to the proximity of Sumner county to the convention city, there was quite a full quota of people who wanted to go as delegates and the balloting consumed considerable time. It was decided that no township should send more than two delegates to each convention.

Twenty-eight names were nominated for state delegates and the successful thirteen were, Hon. J. M. Doubleday, Hon. G. E. Meeker, A. G. Forney, Harry Shapcott, J. P. Wimer, G. H. Fish, W. A. Johnson, R. B. Magee, J. S. Barclay, J. B. Heskett, A. C. Lambe, Wm. Malaby, F. J. Hoge.

While the convention was waiting for the tellers to complete their report on the state delegates, A. G. Forney offered the following

RESOLUTION OF CONGRATULATION.

To the People's party of Sumner county, Kansas, and the friends of reform everywhere: It is both astonishing and remarkable, as well as a source of gratification, to learn that many worthy, intelligent and

influential men very recently have championed our cause, among whom are acknowledged jurists, viz: Judge Hill, of the supreme court of Nevada, Judges Langsdale and Caldwell, of Indiana, Judge Campbell formerly of this district and several more. Among the statesmen we find Ex-Congressman Phillips, of Kansas, Congressman Cannon, of California, Congressman Winn, of Georgia, Gov. Penroy, of Oregon. From the ranks of the old soldiers we see the names of Gen. Washburn, Gen. Thomas, of Pennsylvania, Col. Stark, of Ohio, Col. Martin, of Indiana, Col. Morgan, of Missouri, Col. Taylor, of Kansas and many others too tedious to mention. Last, but not least, is the stamped of the press of our state. We find seventeen papers since the 22nd of February have come out on our side, pledging themselves to work for the industrial classes. Among the editors of said papers are several men of accredited journalistic ability. We well know and are willing to acknowledge that the untiring efforts of the reform press have done more towards bringing about and moulding this great reform movement than any other cause and it is the duty of every friend of our grand principles to support the press liberally. We are glad to note and it is also a source of congratulation that we have now about 1,000 papers in the U. S., battling for the downtrodden and for equal justice. Thousands of men are reading, thinking and slowly discovering the cause of their condition and are ready to lift high the banner of freedom and carry it to victory. It is with joy unconfined, of which language cannot express, that we welcome such men and all men to our ranks and bid you Godspeed. Let us rejoice over the signs of the times politically, put our shoulders to the wheel, take new courage, gird on the armor and "put none but Americans on guard tonight." Be it further

Resolved, That we endorse the action of our representatives in congress and commend them for their zeal, faith and loyalty to the cause they espoused.

He then made some enthusiastic remarks in favor of the Voice and urged the people to come to its support in its misfortune, and offered the following additional resolution, which, with those above, were unanimously adopted:

Resolved, That in view of the terrible destruction which has almost swept out of existence the Voice, the organ of the People's party of Sumner county, a bold and fearless paper, ever ready to champion the right of the people, that we rise in our might and use every effort in our power to raise Bro. L. Naugle up, put him on his feet, help to start again in life and pledge him our hearty and united support.

The nominations were then made for congressional delegates and out of a list of thirty-five names the following thirteen were elected: Lyman Naugle, R. E. Bray, H. R. Walling, D. S. Dill, H. H. Howe, W. A. Nelson, H. F. Harbaugh, A. D. Russell, L. W. Johnson, W. R. Caldwell, A. Widick, Samuel Nutt, G. A. Camp.

While the tellers were completing their reports in this instance more resolutions were introduced and passed with great enthusiasm. The following by A. G. Forney:

We, the People's party, of Sumner county, Kansas, in convention assembled, take pleasure in presenting to the people of the Seventh congressional district of Kansas, as our standard bearer, the man of our choice, and hereby earnestly urge upon the congressional delegates to place in nomination that man, whose fame in two short years has reached from ocean to ocean and from lake to gulf, whose voice has been lifted up on the fair fields of Kansas, as well as in the halls of congress in defence of the masses against the classes, a man who has proven true to every trust committed to his care, the man who is most feared by his opponents and admired by his friends, the man who, the Republicans acknowledge, cannot be beaten by vilification, abuse, falsification or ridicule, a man whose heart is in the interest of reform and who has proven his loyalty to our party and its principles. Therefore be it

Resolved, That we, the People's party of Sumner county, request our delegates to the congressional convention to use all honorable means to nominate as his own successor, the honorable and distinguished Jerry Stimpson, of Medicine Lodge, Kansas.

Also the following:

WHEREAS, We have just learned that L. L. Polk is lying at the point of death, caused by heart failure, therefore be it

Resolved, That we deplore and view with alarm the sad news and sincerely hope the Supreme Ruler of the universe may spare his life for future usefulness to his fellowman.

Further talk was indulged in by the friends of the Voice and a number of liberal donations were made on the spot, aggregating \$75. A full list of the donations will be made later, hence we omit same here.

The tellers still asking for more time, the following letter to the editor of the Voice from S. L. Bishop, formerly of Sumner township, this county, now of Waycross, Ga., was read and cheered to the echo:

I have read of your sad calamity and have also heard from my brother that you will not have the means to

continue the publication of the PEOPLE'S VOICE without assistance. It will not do to let the reform papers fail, even if cyclones do tear them to pieces.

As soon as you are in position to use the article, I will write for your paper "on the condition of politics in the south." I think I can give you a good report of the southern people and convince any fair-minded person that the farmers of the south are going to meet you at the ballot box this fall. Jay Gould is reported to have said not very long ago that he could induce one-half of the people to shoot the other half to death. Well, we who live in the south and you who live in the northwest have caught onto his scheme and have turned the muzzles of our ballot guns away from shooting each other and will try what effect it will have to shoot a few monopolies with them. We do not consider Georgia a doubtful state any more. The farmers and laboring people are by long odds in the majority here and fully ninety per cent of them are going to vote the People's party ticket. In most sections of the state the old party is hopelessly in the minority. In some counties there is only one Democrat for every ten People's party men. I am one who believes that we are going to elect the next president of the U. S. and I would like to see L. L. Polk the candidate for president and Jas. B. Weaver for vice president.

The report of the election of delegates was then made and the convention then adjourned, it being nearly 7 o'clock p. m. Good feeling prevailed throughout and the delegates departed for home greatly inspired.

Mr. Meeker made an excellent chairman, giving his decisions promptly, audibly and with fairness to all.

A more satisfactory convention has never been held in Sumner county. We hope that of July 16 may pattern after this one.

DEADLY WORK FOR CHILDREN.

Nearly nine thousand children in New York city are making envelopes at three and a half cents a thousand. Other thousands are feather-strippers, cutting from the stem, steaming, curling and packing for ten hours a day, many of the working places being dark basements, close and foul. A host makes paper collars, for a child of five can do this. A girl of twelve counts and boxes twenty thousand a day; and one who pastes the lining on the button holes does five thousand a day. A grandmother of eighty and a child of four sit side by side stripping tobacco, the hands of the little one covered with sores and her face waxy pale. Hysteria, epilepsy, nervous disease in many forms wait on this work, in which the fumes of nicotine take the place of oxygen; yet legislation seems powerless to affect the matter, and only in aroused public feeling, in clear understanding of what price we must some day pay for each and every defrauded body and starved soul, lies any hope of remedy. Whether worker or outcast most needs help many a looker-on has questioned; for often the outcast fares the better, and knows, even at the worst, some joy in living.—From "Child Life in the Slums of New York," in Demorest's Family Magazine for July.

MARCHING ON.

LOS ANGELES, CAL., May 28, '92.

EDITOR PEOPLE'S VOICE:

The People's party men in Los Angeles send greeting to their fellow workers throughout the land and are determined to maintain the reputation of this modern Athens for progressive thought and economic reform work. A dividing line has now been established in society and the great house of have and the still greater house of want are each of them marshaling their forces for the inevitable conflict. Spirited meetings are being held in the city and county and the new conquering force is increasing at such a rate as to terrify the lords of everything and their well paid hirelings.

People's party clubs are growing up like mushrooms and nearly all the members become missionaries of the new faith. The Central People's party club added 104 names to its roll of membership last week. This club is a sort of clearing house where the names of all members enrolled are brought in and distributed among the various ward or precinct clubs. Our seven delegates leave tomorrow for the state convention. A car has been chartered and a number of our noble men and women workers will go out to Hollywood to organize a club on Monday, the 8th of June. The county central committee furnishes tracts, notices of meetings and enrollment lists. One thousand People's party badges have been ordered and will soon arrive.

A VIKEREE.

Secretary County Central Com.

P. S. Please to accept sympathy in your great affliction.

CALDWELL'S LIBERALITY.

We are informed by Tom Richardson that a check has been received from the city of Caldwell, this county, for \$304.25 to be applied to the relief fund. Caldwell's noble generosity should never be forgotten. Her good people, for their neighborly assistance, certainly deserve the kindest thanks of all Wellington people. The other towns of the county will also be remembered.

NO LONGER DOUBTFUL.

WAYCROSS, GA., June 2, 1892.

EDITOR VOICE: A letter from my brother, S. C. Bishop, who lives near Conway Springs, states that you want me to write an article for the Voice on the situation in the south so far as the reform movement is concerned. I will do so just as soon as I possibly can, but it may be a week or two before I can get time to do it. If I can help the cause in Kansas any, I will be glad to write occasionally. In the meantime tell your readers that Georgia, North and South Carolina are not in the doubtful column any longer, but are squarely into the People's party. Respectfully,

S. L. Bishop

CELEBRATE THE FOURTH.

To the Friends of Economic Reform

throughout the United States:

We have reached a crisis in the political history of our country. The confederated industrial organizations have agreed upon a platform and have called a convention to meet at Omaha July 4th next, for the purpose of placing in nomination candidates for the office of president and vice-president of the United States. The forces which we antagonize are unscrupulous and backed up by unlimited capital, while on the other hand those who look to the Omaha convention as the hope of the republic and the promise of reform, though great in numbers are nevertheless poor in purse. We have no rich corporations or syndicates upon which to draw for our campaign funds. We must depend upon the small contributions from those who love justice and equal laws as the source of revenue to meet current campaign expenses. While it is believed that all are willing to contribute liberally, yet it seems difficult to reach the public so as to secure timely and uniform action.

The national committee of the People's party requests that all who are in sympathy with the action of the St. Louis conference and the ends to be attained by the national convention which meets at Omaha on the 4th day of July next, shall assemble in their respective counties and localities on the said 4th day of July, place themselves in telegraphic communication with Omaha if possible and that then and there take up a collection for the purpose of raising funds to enable the national committee to carry on the campaign. We further request that the funds be forwarded on July 5th to M. C. Rankin, treasurer of the national committee, Terre Haute, Indiana. We trust that the friends will respond promptly and heartily to this call.

COUNTY ECHOES.

Miss Addie Frink is now kept busy with her silk worms, of which she has about forty thousand. They are doing very nicely and she will reap quite a harvest of cocoons.—Mocking Bird.

We have heard much complaint about the young apples falling from the trees. There has been no frost to hurt them and we believe Uncle Jimmie Whitman is correct in his theory that the dropping is the effect of an overabundance of electricity in the storm clouds that have hovered over us all spring.—Mocking Bird.

Last Thursday was Miss Bertha Chapman's eighteenth birthday and her parents treated her to a surprise party. About fifty of the young people of the neighborhood were present and enjoyed themselves till the morning stars peeped out. A bountiful supply of ice cream and cake was served to the guests.—Mocking Bird.

A Kansas newspaper man has more pluck to the square inch than any creature on the American continent and that displayed by the fraternity in our neighboring city of Wellington is a marvel. Ere the winds that destroyed their offices had ceased to howl, they were sharpening their pencils to give the details to their readers. Although two of the offices were totally destroyed and the other badly crippled every paper came out on time. The Voice and the Monitor-Press, whose plants were entirely destroyed, have obtained their new materials and issued their papers from their own offices this week, using the Standard press.—Mocking Bird.
